

# We Need Your Help!

The CPC (Creative Planet Centre) has moved to B19 in the new building. We need you: students, parents and staff to devise a name for the new home of Science Specialist Status.

The new room, like the CPC will be used for lots of activities including:

- Courses
- Mentoring
- Meetings
- Primary Workshops
- Conferences

The room needs a name that embodies all that will take place there including the eco work and new ideas that will grow in the room.

Please get your ideas and a logo if you can to Miss Hanselman by 21st September.
