

Rewards for Learning at the Ridgeway

There are five qualities that make you a good learner: you will be rewarded for developing them.

Resilient

Resilient means *sticking at it* especially when things get difficult. Resilient learners always look on the bright side, try their best, find interest in what they're doing, set targets and keep on practising.

Resourceful

Resourceful means knowing what to do and where to go when you get stuck. Resourceful learners use their imagination, learn in different ways, ask good questions, have a go without worrying about getting it wrong and always do their best to meet challenges.

Responsible

Responsible means looking after yourself and others and making sure that everyone feels included. Responsible learners know right from wrong, get on with their tasks, plan ahead and respect other students' right to learn.

Reasoning

Reasoning means making careful decisions. Reasoning learners can say which is better and why, gather together all of the evidence and choose the best method.

Reflective

Reflective means learning from experience. Reflective learners ask *Why?*, stay calm, listen to different opinions and learn from mistakes.
