## JOB OF THE WEEK

### Sport Scientist

Sports scientists use knowledge of how the body works to help people improve their health or sporting ability.

You could earn up to £60,000 in this role and could be employed by big sports clubs in the UK and abroad. This job is set to increase, which is good as it means when you enter the workplace, there is likely to be job roles available.

You can read more [here](#).

## LABOUR MARKET INFORMATION FACT

In 2020, there were 811,000 self employed people in the UK.

This means they work for themselves and complete an assessment to pay their tax at the end of each year.
