Hints and Tips—Use these techniques to help with successful revision.

.... Inspiring Learners For Their Future

1. Break topics down into small steps.
2. Create visual prompts e.g. games/ picture association.
3. Work with a friend and test each other.
4. Never underestimate the power of song and rhythm.
5. Practise using key vocabulary e.g. make a mnemonic.
6. Make connections e.g. use literacy doughnuts and mind maps.

7. Think quality not quantity!

Hints and Tips—Use these techniques to help with successful revision.

.... Inspiring Learners For Their Future

- **Keep calm:** students can worry too much about their assessments. We just want you to prepare sensibly and do your best.
- **Ensure you get enough sleep:** students that get a good nights' sleep are better rested and more focussed when being assessed.
- **Plan your time:** Revision is best done in short (20-30min) chunks of time. Use the timetable to map out revision time for all subjects.
- **Eat well:** we all perform better if we have had a good breakfast. Please avoid sugary (energy) drinks and junk food these don't help.
- **Ask for help:** sometimes you might want to run an answer past someone, other times you might want reassurance.— ask a parent, sibling or friend. Your teachers can help go over anything you might be unsure
