

# The Ridgeway School & Sixth Form College

Inspiring learners for their future

October 2018

Dear Parent/ Carer,

As a school, we frequently run events whereby the students are photographed by staff members for use in providing presentations to the whole school, marketing material, and local press. On occasion we also have professional photographers onsite taking photographs at special events which are then used in promotional material and in the local press.

It is normal practice to name the students in the photographs, not in any order or if in order, by first name only. If we use photographs of individual students, we will not use the full name of that student in the accompanying text or photograph caption.

We may use group or class photographs or footage with very general labels, such as "a science lesson" or "making Christmas decorations".

We will only use images of students who are suitably dressed, to reduce the risk of such images being used inappropriately.

We love to share the achievements of our students, so if you do wish your child to be photographed please complete and return the note below.

Yours sincerely

J Povoas  
Principal
